Most chapters in the County Code are optional for the municipalities. Chapters and sections that are not optional are so indicated:

Health: Code chapters/sections enacted under public health law apply throughout the county. Municipalities can, however, exceed the State requirements in local law.

Tax: Code chapters/sections enacted under taxation law apply throughout the county.

Entit: Code chapters that have entitlement provisions are optional, although the entitlement provisions themselves apply in any case.

Municipal chapters published by state

Chapters 24A, 33A, 50, 57 & 59 have been adopted pursuant to the authority granted under Article 28 of the state code

MNCPPC (Article 28) & WSSC (Article 29) are contained in state law

Note: not all the modifications made by the municipalities are indicated. Where a provision in a municipal code is in conflict with a County code provision, please check with the municipality directly to find out which provision prevails.
